/ˌmedəˈmɔrfəsəs/

noun **ZOOLOGY**

noun: **metamorphosis**; plural noun: **metamorphoses**

(in an insect or amphibian) the process of transformation from an immature form to an adult form in two or more distinct stages.

- a change of the form or nature of a thing or person into a completely different one, by natural or supernatural means.

"his metamorphosis from presidential candidate to talk-show host"

synonyms: **transformation, mutation, transmutation, change, alteration, conversion, modification, remodeling, reconstruction; More**

Origin

late Middle English: via Latin from Greek *metamorphōsis*, from *metamorphoun* 'transform, change shape.'

Metamorphosis of Narcissus/ Salvador Dali, 1937
